OBJECTIVE

Aspiring AI & Full-Stack Developer with a passion for building intelligent, real-time web products.

EXPERIENCE

Lead Developer

Ragebait

Ongoing

- Developed a competitive AI-driven debate platform with real-time features.
- Implemented a responsive UI design focusing on user engagement and experience.
- Integrated a matchmaking system and live chat functionality for seamless interaction.

Developer

WEDXUI Fit Fitness Platform

Live

- Designed adaptive recommendations based on user fitness data and analytics.
- Utilized modern web technologies to enhance user interface and performance.
- Collaborated with a team to integrate the OpenAI API for dynamic responses.

EDUCATION

B.Tech in Computer Science

SRM Institute

Expected to graduate in 2029

High School Diploma

SRM Institute

2025-2029

class X

Delhi Public School

PROJECTS

Ragebait AI Platform

AI Battle Platform

Built a competitive platform with matchmaking, live chat, and AI judging engine.

AI Fitness Platform

Created an AI platform for personalized workout planning and progress tracking.

VOLUNTEER WORK

Coding Mentor

Local Coding Club

June 2025 - Present

- Guided students in basic programming concepts and project development.
- Organized coding workshops to encourage participation and skill development.
- Provided one-on-one mentorship for individual learning paths.
